The Bible shows us how Jesus prayed to God the Father before all the important moments of His life. **What are some of the important moments of your life? Why should you pray to God before or when they happen?**

We must have a conversion of heart in order to pray. This means that instead of wanting to do bad things, we want to do good things. **Are there any bad habits or things you do that you need to change? Pray to God to have a conversion of heart.**
